(a): The NCS Project comprises a digital portal that provides a nation-wide online platform for jobseekers and employers for job matching in a dynamic, efficient and responsive manner and has a repository of career content. The NCS Portal was dedicated to the nation on 20/07/2015.

The NCS Project also envisages setting up of 100 Model Career Centres (MCCs) to be established in collaboration with States and other institutions to deliver employment services during the 12thFive Year Plan. Approval for 100 MCCs has been accorded. The MCCs envisage creating a model centre for providing variety of employment services using technology. The Government provides financial assistance to these centres based on the proposals and scheme guidelines. These model centres can be replicated by the States from their own resources.
